Panthera tigris tigris

1. DIRECTOR'S NOTE

It is with great pleasure that we present the annual report for the year 2022-2023, highlighting the significant contributions made by the North Bengal Wild Animals Park (Bengal Safari) to the conservation of endangered species and their habitats. Our journey began in 2016, with a mission to promote the conservation of invaluable faunal resources through display, care, and awareness.

Today, the North Bengal Wild Animals Park has grown into a modern zoo dedicated to the conservation of endangered species. We have achieved this through various initiatives such as education programs, research, financing, development of conservation projects, captive breeding, and reintroduction programs. Our efforts have had a positive impact on several important faunal species, including the endangered Bengal Tigers.

Throughout the year, we conducted numerous outreach, educational, and nature awareness programs to raise awareness about the importance of endangered species. We organized various events such as World Biodiversity Day, Wildlife Week, International Tigers Day, World Elephant Day, World Rhino Day, and World Forestry Day. Additionally, we also conducted outreach events on World Environment Day, Wildlife Week, and Ban Mahotsav to promote environmental sustainability.

This year, we celebrated our "7th" Foundation Day and conducted several outreach programs for the welfare of local village communities. We also marked 75 years of Bharat Ke Azadi Ka Amrit Mahotsav with a week-long program focused on Fishing cats. This event included various outreach activities and marked the first time we hosted our Zoo festival.

To further enhance the park's offerings, we recently inaugurated a Butterfly garden and extended our Tiger night shelter. We also started Adventure activities for children, which have been met with great enthusiasm. Additionally, we conducted our annual health checkup camp for the zoo staff to ensure their well-being.

This year, we welcomed new members to our zoo family, including a newborn of our zoo, an Asiatic Black Bear cub, and newly brought species Black Buck (5:8) and Hog deer (2:2) from Tata Steel Zoological Park, Jamshedpur.

We would like to acknowledge and appreciate the hard work of all zoo staff, whose dedication to the park is commendable. Our conservation efforts will continue with great enthusiasm, and we look forward to another successful year.

Kamal Sarkar WBFS
Director
North Bengal Wild Animals Park
(Bengal Safari), Siliguri

SAMBAR DEER
Rusa unicolor

2. HISTORY OF THE ZOO

The North Bengal Wild Animals Park, also known as Bengal Safari, was previously a part of the Baikunthapur Forest Division, situated within the Adabari Beat. It existed as Shorea Nature Park, adjacent to the Mahananda Wildlife Sanctuary. Subsequently, an area of 299.459 hectares was identified, including the pre-existing park, for the establishment of the North Bengal Wild Animals Park in Siliguri. Due to Siliguri's unique geographic location, with Nepal to the west, Bhutan to the northeast, and China and Bangladesh to the south, as well as its status as a major commercial tourism hub and transit point for air, road, and rail traffic to neighboring countries such as Nepal, Bhutan, and Bangladesh, tourists and residents from other regions of the country develop an interest in observing the wild animals and birds of North Bengal to foster a closer connection with nature. Consequently, the North Bengal Wild Animals Park was designed with consideration for the growth, goals, and maintenance standards set by the Central Zoo Authority (CZA). On July 17, 2014, the foundation stone of the North Bengal Wild Animals Park was laid by the honorable Chief Minister of West Bengal, Smt. Mamata Banerjee also inaugurated the park's first phase (a mixed herbivore safari) in January 2016.

The North Bengal Wild Animals Park in Siliguri primarily functions as a safari park, aiming to showcase various animals in their natural habitats using safari vehicles. It offers a picturesque view of the Himalayan range, adding to its captivating allure. Bengal Safari is situated 8 kilometers away from Siliguri and currently features attractions such as Tiger Safari, Mixed Herbivore Safari, Asiatic Black Bear Safari, Leopard Safari, zoo enclosures housing birds, smaller cats, and reptiles, a Nature Interpretation Centre, among others.

3. VISION

The North Bengal Wild Animals Park (Bengal Safari) Siliguri, West Bengal is to provide a glimpse of wild animals and birds of the North Bengal plains to the general public for developing a healthy relationship between animals and human beings and to promote conservation of our invaluable faunal resources through display, care and awareness. The safari is an endeavor to breed the endangered species for display, exchange and rehabilitation in the wild.

4. MISSION

This Wild Animals Park, Siliguri intends to complement the national efforts in conservation of wildlife through breeding of endangered species of the region and to develop empathy among visitors for wild animals.

5. OBJECTIVE

The park shall work for the conservation of the rich bio-diversity of the region to the following objectives:

- Conservation of the rich biodiversity of the North Bengal region.
- To reduce the tourist pressure on the National Parks/Protected Areas.
- To create amongst the visitors empathy towards wild animals through appreciation and better understanding.
- To collect and collate the scientific data on the biology, behavior and health care of various species of wild animals displayed in the safari and use the same in future management of the safari park.
- Recreation for the purpose of providing wholesome, healthy and educational activity to a large number of people by utilizing the outdoor natural setting without detriment to any of the preceding objectives.

1. Remodeling of Safari bus; 2. Cleaning of Reptile pond; 3. Repainting of Administrative building, Kitchen, veterinary hospital etc. 4. Seasonal plantation at Butterfly garden. 5. Regular cleaning of ponds at herbivore area. 6. Restoration of water fountain at Tiger Safari area. 7. Repairing of Herbivore area wall; 8. Repairing of safari sliding gate.

19. EDUCATIONAL AND AWARENESS ACTIVITIES DURING THE YEAR

Celebration of International Day for Biological Diversity

22.05.2022

On the occasion of International Day for Biological Diversity on 22nd May 2022, an inter-school science model-making contest was organized by NBWAP in association with Paschim Banga Bigyan Mancha. Over 100 students and faculties from 26 different schools in Darjeeling and Jalpaiguri districts participated in the event. In total 46 models were displayed. The jury comprised of CF Social Forestry; SDO Siliguri; DM Darjeeling Forest Corporation; Secretary PBBM and two professors from different colleges. Good Shepherd School, Bagdogra; Saktigarh Balika Vidyalaya, and Sri Sri Academy, Dagapur, Siliguri secured 1st, 2nd, and 3rd positions respectively. Trophies and prizes were distributed to the winners. Our team appreciated the hard work of all the students by providing them with participation certificates.

Celebration of World Environment Day

05.06.2022

Every year, the 5th of June is observed as World Environment Day across the globe for encouraging worldwide awareness and action to protect our environment. This year, Bengal Safari in association with Siliguri Traffic Police celebrated this occasion by organizing a plantation program at the park's premises and distributing seedlings to the casual public along Sevoke National Highway.

The enthusiasm, participation, and queries of the general public and children from Marwari Yuva Manch showed that people are indeed sensitized regarding environmental degradation and the importance of conserving it.

Celebration of Ban Mahotsav

14.07.2022

Bengal Safari Team Commemorates Ban Mahotsav 2022

The Bengal Safari team took part in Ban Mahotsav 2022 by planting 50 fruit-bearing species on their campus. The event was themed "Greening the forests/To greet the rising sun" or "অরণ্যের সবুজোদয় /সৃষ্টি ভোরের সূর্যোদয়".

Celebration of International Tiger Day

29.07.2022

International Tiger Day was celebrated in the park where students were shown the glorious journey of the growing tiger cubs of Sheela since birth.

Celebration of World Elephant Day:

12.08.2022

On the auspicious day of World Elephant Day, celebrated on 12-08-2022; our in-house elephants- Urmila and Laxmi were pampered with special care. After bathing them in the nearby stream under the blazing sun that engulfed the entire city, they were decorated with turmeric powder. Treats in the form of seasonal fruits such as sugarcane, special grains wrapped around the banana stem, apples, watermelon, cabbage, bananas, pineapple, guava, and papaya were presented to them by the Director, Assistant Director, and staff at NBWAP. This gesture is a way of conveying the message to the general public regarding our concern and the importance of conserving these majestic mammals, who are in fact very aware and intelligent.

Celebration of World Rhino Day:

22.09.2022

NBWAP celebrated World Rhino Day in association with Indian Oil Corporation Ltd. The park was privileged to celebrate the occasion in the presence of Sri Saurabh Choudhari, IFS, Member Secretary & Addl. PCCF West Bengal Zoo Authority, along with the Director and Assistant Director of the park and staff. The Member Secretary addressed his thoughts on "Conservational Efforts by Zoos to conserve these majestic one-horned rhino species" and further plans for execution of an acquisition plan for pairing the presently housed one-horned rhinoceros named "Bheem". Respected Officials of the Indian Oil Corporation Ltd, Shri Soumen Kr Roy, Chief Manager, Retails, IOC & Shri Prashant Lama, Business Manager, IOC also shared their valuable views on the efforts of Indian Oil in prioritizing the core conservation awareness on Rhinos. The event concluded with the felicitation of the Member Secretary & Director of the park organized by IOC along with a cake-cutting ceremony. Other officials and staff of Bengal Safari were also felicitated with a token of appreciation for their valuable role in the upkeep of these beautiful animals. Besides this an outreach program was also held for the junior class of Darjeeling Public School in association with Young Indians, Siliguri to sensitize the young generation of our country regarding the conversation of these magnificent species concerning climate change.

Celebration of World Rabies Day :

28.09.2022

On 28-09-2022, NBWAP celebrated the 16th World Rabies Day by conducting a vaccination campaign for pets and strays in the nearby villages of the park. With the theme of "One Health, Zero Death" our team could successfully vaccinate 33 individuals- 30 dogs and 3 cats along with imparting knowledge regarding the symptoms of rabies, zoonosis, etc. We are grateful to the locals for actively participating in our program.

Celebration of 68th Wildlife Week:

Wildlife Week is annually celebrated all over the country from the 2nd to the 8th of October with the aim to protect and preserve the flora and fauna. This year Bengal Safari celebrated the 68th Wildlife Week under the theme "Recovering Key Species for Ecosystem Restoration". During this week, Bengal Safari conducted several awareness-building activities on different levels to make people more aware of wildlife and to understand the importance of wildlife conservation.

Online Drawing Contest: 02.10.2022

On the first day of wildlife week, an online drawing contest was started and went on whole week. The competition was divided into two groups such as, Group -A Category for Std KG-IV (Theme: Life-Lifestyle for The Environment) And Group -B Category for Std VIII-XII (Theme: P3 Pro-Planet People), Miss Arshiya Tamang, Class 4, Age= 9 years old, Dr. Graham's Homes School, Kalimpong win from Group A category and Miss. Aisha Panda, Class 10, Age= 15 years old, Buxi Jagabandhu English medium School, Khordha, Odisha, Win from Group B category.

Interactive Seminar: 03.10.2022

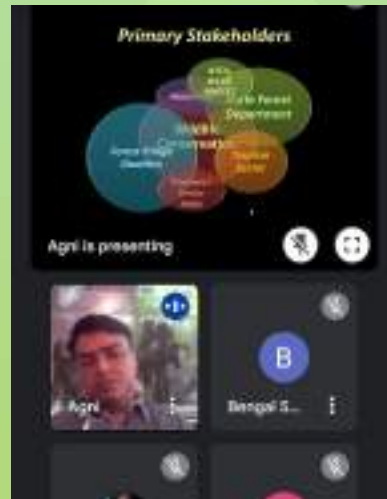

Live streaming of an interactive seminar focusing on "Recovering Key Species for Ecosystem Restoration" was conducted to build an understanding of the importance of wildlife conservation among the audience.

Extempore Program: 04.10.2022

Bengal Safari conducted an Extempore program for visitors on this day. The visitors happily expressed their opinions on their experiences at the park and on the conservation of wildlife/environment. A token of gratitude was gifted to the visitors by our team for their active participation. The event also gave us an opportunity to sensitize the public on key species recovery, eco-friendly lifestyles, etc.

Webinar: 07.10.2022

On this day, an Interactive Webinar on "Wildlife Conservation in India: Recent Trends" was conducted by the park, initiated with a welcome speech by the Director, of NBWAP, and the session was presented by the expert resource person Shri. Agni Mitra, IFS, Regional Deputy Director (Eastern Region), Wildlife Crime Control Bureau, MoEFC, GOI.

He talked about the International Trafficking routes, Species in illegal trade, Wildlife crime in West Bengal, the Scope of operations, and Activities of WCCB, etc. Around 170 people participated in the webinar.

Educational Tour: 08.10.2022

An educational tour was organized for the students of Bethan School, Kalimpong on the last day of Wildlife Week to promote awareness and expose the children to the world of amazing animals and birds. A total of 60 nos. of students along with 7 teachers attended the tour. NBWAP organized a small interactive session with the students at the auditorium of the NIC Building, which was presented by the Research Scholars of NBWAP.

Few works of online art competition on Wildlife Week

Zoological Excursion:

On 10.11.2022, Serampore College, Hooghly visited our park for a Zoological excursion. On arrival, the excursion group experienced a thrilling on-field informative exposure to our safari rides and on-foot zoo tour. An interactive conservational talk session was organized on behalf of the park where the Director, of Bengal Safari, addressed the students on how Bengal Safari is playing a pivotal role in wildlife conservation and education. Afterward, the students interacted wholeheartedly with the Bengal Safari team during the interactive PowerPoint presentation session.

World Wildlife Conservation Day
04.12.2022

Bengal Safari Celebrated World Wildlife Conservation Day through an interactive session with the visitors and sharing knowledge regarding the conservation of wild animals. Red Cross Society Kalimpong donated winter essentials such as blowers, blankets, heaters, etc for use in animal shelters.

Visitors sharing their knowledge regarding wildlife conservation

On the occasion of world wildlife conservation day, Red Cross Society donated winter essentials for the animals

Celebration of 74th Republic Day
26.01.2023

26th January is celebrated as Republic Day all over India. North Bengal Wild Animals Park observed the day with patriotic zeal and enthusiasm to commemorate this day. The Director of the North Bengal Wild Animals Park hoisted the Tricolour flag in the presence of all the officials and staff of Bengal Safari. The national anthem was sung with great patriotism. The director then addressed the officials and staff. At last, sweets were distributed to all the staff to celebrate the 74th Republic Day.

Celebration of World Wildlife Day
03.03.2023

North Bengal Wild Animals Park celebrated World Wildlife Day with a week-long online drawing competition for school students and a wildlife photography competition for college students. There were three groups in the painting competition; Group- A: (Students of Classes I to IV) Topic - Forest landscape. Group- B: (Students of Classes V to VII) Topic - Animals in their natural habitat. Group- C: (Students of Classes VIII & IX) Topic - Wetland Ecosystem / Forest Ecosystem. Around 50 students from different districts and state took participation in the competition.

Celebration of Children's Day
13.11.2022

Bengal Safari, in association with Young Indian organization, celebrated Pre-Children's Day. Kindergarten and junior school children participated and were taken on a safari to see wild animals in their natural habitat. A presentation on "Good Touch and Bad Touch" was given followed by an interactive session. An informative billboard was installed in the children's play area to raise awareness about the topic.

Glimpses of Celebration of Christmas Day: 25.12.2022

20. IMPORTANT EVENTS

Opening of Attractive Children Activities at NBWAP

15.04.2022

Bengal Safari has launched various adventure activities that would provide good, clean, and safe entertainment and recreation for mind, body, and soul. This includes a canopy tour through our short and Long zipline, Burma bridge, artificial wall climbing, and big foot walking trails.

Inauguration of Butterfly Garden

22.05.2022

North Bengal Wild Animals Park announced the official inauguration of the Butterfly Garden on 04-06-2022. The garden was inaugurated by Shri Saurabh Chaudhuri, IFS, Member Secretary, WBZA; in the presence of Shri Ujjal Ghosh, IFS, Additional PCCF, North Bengal; and Shri SSSS. Sherpa, IFS, DFO Silviculture (North). The Garden altogether comprises three sections- host and nectar plant, a kiosk for readily available information for the use of students and nature enthusiasts on butterflies at Bengal Safari, and a rearing room. Since these tiny but significant insects indicate a healthy ecosystem, the park intends to rear and release these lepidopterans on the premises. Conducting educational programs and imparting knowledge regarding the conservation of butterflies are also the objectives for the development of the butterfly garden wing at the park.

Although we are at the initial stage, as on 31st October 2022, we have successfully reared and released a total of 51 butterflies at our park of the species-

- Common mime (Papilio clytia)= 34 individuals.
- Common mormon (Papilio polytes) = 10 individuals.
- Common crow (Euploea core) = 6 individuals.
- Lime butterfly (Papilio demoleus)= 1 individual.

Welcoming of New Director, NBWAP:

Shri Kamal Sarkar, WBFS took over the charge of Director of North Bengal Wild Animals Park, Siliguri from Smt Dawa Sangmu Sherpa, WBFS on 14th December 2022.

Welcoming of New Assistant Director, NBWAP:

Shri Rahuldev Mukherjee, WBFS took over the charge of Assistant Director of North Bengal Wild Animals Park, Siliguri from Smt Anuradha Rai, WBFS on 12th December 2022.

Welcoming of Range Officer, NBWAP:

Smt Soma Das Sarkar took over the charge of Range Officer of North Bengal Wild Animals Park, Siliguri from Shri Deepak Rasaily on 19 October 2022.

Inauguration of Tiger night shelter extension:

On 08.11.2022, Hon'ble Principal Chief Conservator of Forests, Head of the Forest Force, West Bengal, Shri Soumitra Dasgupta, IFS inaugurated the newly established facility - Tiger Night Shelter Extension at Bengal Safari in the presence of Hon'ble Addl. PCCF & Member Secretary, WBZA, Shri Saurabh Chaudhuri IFS, Addl. PCCF, North Bengal, Shri Ujjal Ghosh IFS, and other senior forest officials. This Extension of the tiger night shelter has been established in an area of 69.87 sq.m. comprising 4 enclosures, a squeeze cage facility, and three spacious kraals. Bengal Tigresses Kika & Rika were also released into this new kraal on the said date.

Free Vaccination Drive on World Veterinary Day:

30.04.2022

Bengal Safari on World Veterinary Day 30th April 2022 organized a free anti-rabies vaccination for stray animals near and around the Toribari village area. Our Veterinary team conducted the program enthusiastically and around 50 numbers of stray animals were vaccinated successfully.

Celebration of 75years of Bharat ke Azadi ka Amrit Mahotsav, 72nd week- Species in focus: Fishing Cat, 25th to 31st July 2022:

DAY 1- 25.07.2022

Celebrations of the 72nd week of Azadi Ka Amrit Mahotsav started off with huge pomp & enthusiasm at Bengal Safari. The week-long program commenced with the Run for a cause - a race to conserve the Fishing Cats "the lesser cats under threat" which witnessed the glorious participation of more than 100 participants from varied forest divisions, local communities as well as Bengal Safari staff. Respected Director, Smt Dawa Sangmu Sherpa through her welcome address briefed the participants through her conservation message about the upkeep & management of Fishing cats in the park. Hon'ble Member Secretary, WBZA Sri Saurabh Chaudhari inaugurated the event virtually through his kind appreciation message of conservation of fishing cats in zoological parks of West Bengal. Winners & participants were awarded & day 1 concluded with the spread of the spirit of Fishing cats' conservation through a signature campaign & selfie with the Fishing Cat standee.

DAY 2- 26.07.2022

A sensitization Seminar for staff of the animals' section on the Upkeep and Management of Fishing Cats in zoological parks was held on behalf of the park. An interactive webinar session was presented by an expert resource person for the day-Dr. Deepak Sharma, Asst Director, ARD Dept Kalimpong focussed on the role of keepers in animals' health and wellness. Dr. Nick Doley, Veterinary Officer, NBWAP also delivered a valuable session focussing management of major diseases in Felines with a special focus on Fishing cats. Here are the glimpses of the said session.

DAY 3- 27.07.2022

Central Zoo Authority in association with NBWAP hosted a **webinar** on the Know Your Zoo and Know Your Species. The audio-visual talk on zoo - "North Bengal Wild Animals Park and its Management" was delivered by the Director of Bengal Safari, Smt Dawa Sangmu Sherpa & the expert talk on knowing your Species - "Not just 'Noah's Arks': Zoos as

research and conservation centers for the Fishing Cat" was delivered by Miss Tiasha Adhya, Co-founder, The Fishing Cat Project, Member, IUCN Specialist Group. We are thankful to Miss Arundhati Mohanty, SRF, CZA for the successful hosting of the webinar on behalf of CZA.

DAY 4- 28.07.2022

Virtual tour of the Fishing Cat enclosure was organized where fishing cat exhibits along with different enrichments, facts on cats' ecology, and ethology were presented.

DAY 5- 29.07.2022

An **on-foot Zoo Field Tour** along with an audio-visual presentation on the conservation of fishing cats was organized, around 213 school students from various schools participated with keen interest.

30.07.2022

Inter-school Debate competition

On Day 6 of the celebrations of the 72nd week of Azadi ka Amrit Mahotsav at North Bengal Wild Animals Park Bengal Safari an Interschool Debate Competition was held at the auditorium of the park where several schools from Siliguri participated with great excitement. The theme for the debate competition was " The Alternative to coexistence is wildlife conservation". Winners for the motion and against the motion were awarded respective trophies and certificates. Participation certificates were awarded to all the participants.

31.07.2022

Animal Adopters Meet & Adoption of Fishing Cat at Bengal Safari

The DAY-7 of the 72nd week of Azadi ka Amrit Mahotsav at North Bengal Wild Animals Park successfully concluded with the Adoption of the FISHING CAT, YANCHEN at Bengal Safari by Rahaman Farm House. The Fishing Cat has been the species the focus of our week-long Amrit Mahotsav celebrations at the zoo & also with a successful signature campaign. Also, NBWAP Animal Adopters meet as an interactive session

was conducted wherein respected adopters were heartily welcomed to share their valuable thoughts on the theme - LOVE ADOPT AND CARE. Respected Director, Bengal Safari, Smt Dawa Sangmu Sherpa, WBFS addressed the session through her welcome speech. Hon'ble Member Secretary WBZA Sri Saurabh Chaudhari graced the webinar by addressing the audience with his kind words on Love, Adopt & Care, and showing empathy to kind animal souls. Also, our Asst Director, Smt Anuradha Rai briefed on

the adoption program of Bengal Safari. The session ended up with some valuable suggestions that the park will definitely incorporate in the future for the welfare of adopted animals & adoptees.

Two-days Hands-on and Field-based Training Workshops cum Awareness Programs on Butterfly Identification, Documentation, and Rearing, 25.06.2022 & 26.06.2022:

North Bengal Wild Animals Park has a rich diversity of butterflies. Thus, to make an effort for its conservation; a butterfly garden was inaugurated within the park's premises on 4th June 2022. Aiming to impart awareness among the people, NBWAP organized two-days Hands-on and Field-based Training Workshops cum Awareness Programs on Butterfly Identification, Documentation, and Rearing. The training was conducted on 25th- 26th June 2022 by the resource persons from Sikkim University- Dr. Bhoj Kumar Acharya, Associate Professor, HOD Department of Zoology, and his scholars, Dr. Sailendra Dewan, Shri. Iswar Kumar Chhetri, and Shri.Aita Hang Subba (Limboo). Our team, along with JFMC members and staff of Mahananda Wildlife Sanctuary participated in the program. The workshop covered presentations at the beginner level till hands-on identification and handling training. With this successful capacity-building program, NBWAP aspires to continue with the Butterfly Garden Project to contribute to the conservation of these lepidopterans.

Capacity building program on Larva Collection & Rearing of Butterflies On 02-09-2022:

On 02-09-2022 a capacity-building program on Larva Collection & Rearing of Butterflies was conducted at NBWAP for the associated staff. The program started with an informational speech by the Director and Assistant Director followed by a presentation, a video on rearing methods followed, and a practical session in the field and conservatory. The fruitful event was concluded by positive feedback and appreciation from the staff, and our team intends to continue working towards our part in the conservation of these beautiful lepidopterans.

Zoo Festival

14th -18th Nov 2022

The park celebrated its first Zoo Festival from 14 November to 18 November 2022. It was an innovative initiative by WBZA to enhance outreach programs. The five-day event is celebrated by organizing various interesting programs on wildlife themes to educate school and college students about wildlife and develop a close relationship with them. The festival also aims to make visitors aware of the importance of wildlife in maintaining the ecological balance of nature.

Day 1: 14.11.2022

The zoo festival was inaugurated with the **Wild Animal Adoption program** to generate public awareness regarding the conservation of wildlife. A total of 3 numbers of animals such as Scarlet Macaw, Monkey, and Hill Myna are adopted on that day. On the occasion of 1st ever zoo festival of the park, there was Free zoo entry for school and college-going students.

Day 2: 15.11.2022

On the second day, Bengal Safari organized a **wall painting program**. It was a three-day program. Students from various schools and colleges took part in this event and an entertaining on-foot zoo quiz was run by the staff throughout the week.

Day 3: 16.11.2022

Students of **Darjeeling Government College** enthusiastically participated in the 3rd-day celebration. Nature walks with an interactive session were organized for them.

Day 4: 17.11.2022

On the fourth day, an introduction to animals was organized for primary-level students. Students were taken on a **guided tour** and introduced to various indigenous & exotic species of the park.

Day 5: 18.11.2022

A **sit-and-draw competition** was organized on the last day of the zoo festival. Students from various schools participated in the event, concluding with a prize distribution ceremony.

A one-day workshop on captive Nutrition for Zoos & Protected areas of North Bengal 22.12.2022

A one-Day Workshop on Captive Nutrition for Zoos & Protected Areas of North Bengal' was jointly organized by Padmaja Naidu Himalayan Zoological Park, Darjeeling, and North Bengal Wild Animals Park (Bengal Safari), Siliguri. The guest speaker Dr. Asit Das, Principal Scientist at Indian Veterinary Research Institute, Bareilly shared his knowledge, wisdom, and experience regarding captive nutrition with Zoo managers, Veterinary Officers, Zoo Biologists, Research Scholars, Animal attendants & Zoo Keepers, staff of Wildlife Divisions attending the Workshop. Our team is grateful to Dr. Basavaraj SH. IFS, Director PNHZP, Darjeeling for his kind initiative and active participation resulting in the grand success of the Workshop.

Guest speaker Dr. Asit Das, Chief Scientist, Indian Veterinary Research Institute, Bareilly being felicitated by Sh. Kamal Sarkar WBFS, Director NBWAP, Siliguri.

Dr. Basavaraj SH. IFS, Director PNHZP, Darjeeling while addressing the workshop

Celebration of 7th Foundation Day 21.01.2023

North Bengal Wild Animals Park (Bengal Safari), Siliguri, celebrated its 7th Foundation Day on 21st January 2023 with the gracious presence of Shri Rajendra Jhakher IFS, Chief Conservator of Forests (Wildlife North) and Shri Kamal Sarkar, WBFS, Director, NBWAP (Bengal Safari) and other forest officials.

Sh. Kamal Sarkar WBFS, Director NBWAP, Siliguri during the welcome address on Foundation Day.

Foundation Day ceremony in presence of CCF (Wildlife North); Director NBWAP; Asst. Director NBWAP and other forest officials.

Educational tour of Siliguri Girls High School, Siliguri at Bengal Safari.

21. SEASONAL SPECIAL ARRANGEMENTS FOR UPKEEP OF ANIMALS

Summer Enrichment for the in-housed animals at NBWAP

To overcome the challenges brought by the summer tide, the Bengal Safari team made an effort to help the captive animals through summer enrichment programs. Frozen fruits, ice bars, and food rich in water content and fibers were provided to the Asiatic Black Bears. Ice bars were also presented to the Royal Bengal Tigers at the park. Besides this, artificial ponds and pools, automated showers, wooden platforms, shelters, walkways, etc. were provided to the various mammalian species of the park. Leopards were given live-fish enrichments to stimulate their predatory behavior. Various plantations were also done within the enclosure of kangaroos for their feed enrichment. Birds and pheasants were provided with shelters, frozen fruit treats, hanging corn feeds, dust puddles, and troughs for water. These newly incorporated seasonal enrichments have greatly helped the animals to overcome their stereotypic behavior and engage more in playful activities.

22. RESEARCH WORKS AND INTERNSHIPS CARRIED OUT DURING THE YEAR 2021-22

NBWAP (North Bengal Wild Animals Park) has undertaken three research projects focusing on diverse aspects of wildlife conservation:

"The Study on Dung/Scat Analysis of Herbivore Animals in North Bengal Wild Animals Park to Analyze Presence of Gut Parasites": This project aims to analyze the dung or scat samples of herbivorous animals in NBWAP to study the presence of gut parasites. Miss Jayanti Jha is the assigned research scholar for this project.

"The Study of Hematological and Biochemical Values of Captive Asiatic Elephant (*Elephas maximus*)": This research project focuses on the hematological and biochemical analysis of captive Asiatic elephants in NBWAP. Miss Anureeta Adhikari is the designated research scholar for this project.

"Captive Breeding & Management of Bengal Tiger": This project concentrates on the captive breeding and management of Bengal tigers, an endangered species, in NBWAP. Karabi Roy Pramanik is the research scholar responsible for this project.

In the current quarter, the research scholars have completed reviewing the existing literature relevant to their projects and have conducted preliminary or adlibitum studies. Data analysis, sample analysis, and daily observations are currently underway to progress the research further.

23. CONSERVATION BREEDING PROGRAMME OF THE ZOO

The Park is not involved in any Conservation breeding programmes yet. Still, natural breeding has occurred in the Bengal tiger, Asiatic Black Bear, herbivores (Spotted Deer, & Hog Deer), and pheasants.

Newborn Asiatic black bear at NBWAP (Bengal Safari)

Newborn Hog Deer at NBWAP (Bengal Safari)

24. ANIMAL ACQUISITION / TRANSFER / EXCHANGE DURING THE YEAR

Acquisition of animals:

Sl. No	Date	Species	Scientific Name	Nos of Acquisition			Acquisition to	Acquisition from
				M	F	U		
1.	21.02.2023	Hog Deer	<i>Axis porcinus</i>	2	2	0	North Bengal Wild Animals, Siliguri	Tata Steel Zoological Park, Jamshedpur
2.	21.02.2023	Blackbuck	<i>Antelope cervicapra</i>	5	8	0	North Bengal Wild Animals, Siliguri	Tata Steel Zoological Park, Jamshedpur

Newly acquired Black Buck from Tata Steel Zoological Park, Jamshedpur

Newly acquired Hog Deer from Tata Steel Zoological Park, Jamshedpur

Disposal of animals:

Sl. No	Name of Species	No of Individuals	Disposal to & Date
1.	Bengal Tiger	1:0	Padmaza Naidu Himalayan Zoological Park, Darjeeling On 16/11/2023

Bengal Tiger (Viban) at North Bengal Wild Animals Park, Siliguri

25. RESCUE AND REHABILITATION OF WILD ANIMALS CARRIED OUT BY THE ZOO

Bengal Safari, besides being a caretaker of its present stock of captive animals, is successfully fulfilling its objective of wildlife conservation through successful treatment, rearing and management of the rescued species and later handing over to the respective forest department authorities and other zoos in good health or they are released into the wild.

The following rescued animals and birds were brought to the park veterinary hospital for treatment as well as care during the years 2022-2023:

Date	Species	Nos of animals received	Nos of animals disposed	Received from	Disposal
01.04.2022	Red kangaroo	1:1	2	Baikunthapur	Released in Kangaroos Kraal (NBWAP)

28. Status of the Compliance with conditions stipulated by the Central Zoo Authority:

Details on compliance of the conditions stipulated by the Central Zoo Authority

Ref:-File No. 22-64/2004-CZA (461) (NE), Computer No. 147518, dated 15/12/2022 of the Central Zoo Authority, New Delhi.

Sl. No.	Norm No.	Particulars of suggestions/recommendation	Compliance report
2. Administrative and Staffing Pattern			
1	10.2(2) & (3)	The services of scientific and technical staffs working as Veterinarian, Zoo Biologist, and Veterinary Assistant have been critical in establishing the Park in 2016 and thereafter running and maintaining it. The persons are working on contract basis since inception of North Bengal Wild Animals Park in 2016. But for their tireless efforts, the Park would not have been established on schedule and would not have been running so smoothly. Their services must be recognized and absorbed in the permanent establishment.	Will be complied with
6. Veterinary and Infrastructure facilities			
2	10.6(1)	The park has a well established Veterinary section which includes hospital with quarantine room, dispensary, Operation theatre, treatment wards, X-ray room and other required animal facilities. Veterinary section caters the need of wild animals rescued from anywhere in North Bengal. Hence a sophisticated Regional Wild Animals Disease Diagnostic Laboratory may be established for future.	Will be complied with
3	10.6 (6 b)	The zoo officials as well as staffs are required to be sent to exposure visit to different zoos of India or abroad to enhance their knowledge for upkeep & management of zoo as well as to upgrade their technical skills. It can be done in a phased manner.	Complied with (ANNEXURE- I)
Other Observations			
4		While removing weeds in areas between the two enclosures, it is suggested not to cut down the regeneration of important timber species like Sal etc. Stop removing regeneration of natural and native species forthwith.	Noted for needful implementation in the field with immediate effect.

30.	Spectacled Cobra	<i>Naja naja</i>
31.	Banded Krait	<i>Bungarus fasciatus</i>
32.	Golden Flying Ornate snake	<i>Chrysopelea ornate</i>

Bio-security measures taken at NBWAP to prevent zoonoses from the free-living wild animals :

Some of the bio-security measures taken at NBWAP to prevent the transmission of zoonotic diseases from free-living wild animals to captive ones include:

1. Our animal enclosures are designed that minimize contact between animals and visitors.
2. Regular cleaning and sanitization of enclosures, surfaces, and equipment are done.
3. Proper waste management to prevent the accumulation of organic matter that could harbor disease-causing organisms is maintained.
4. Quarantine of new animals before they are introduced to the rest of the zoo population.
5. Routine health checks and monitoring of animals for signs of illness.
6. Training of staff on biosecurity protocols and the importance of personal protective equipment (PPE).
7. Restricting access to the zoo to essential personnel only.
8. Limiting the movement of animals between different zoos or wildlife facilities.
9. Educating visitors on the importance of not feeding or touching animals and the risks of zoonotic diseases.
10. Collaboration with veterinary and public health authorities to implement best disease prevention and control practices.

By implementing these bio-security measures, NBWAP are able to provide a safe environment for both animals and visitors. It's important to remember that zoonotic diseases can have serious consequences not just for animals, but also for humans. Therefore, taking preventative measures to reduce the risk of transmission is crucial. Zoos play an important role in conservation efforts, and by prioritizing bio-security, they are able to continue their important work while minimizing any potential risks.

Bengal Safari INFORMATIVE POSTERS

Created on different important day's during this year 2022-23

Two numbers of Kangaroo adopted by St. Michael's School for Girls. Adoption Certificate awarded by Member Secretary, WBZA, Kolkata.

Today our one & only **BHEEM** (one horned rhino) got adopted by **Bhaichung Bhutia**

সম্মানস্বরূপে হিমালয়ান ব্ল্যাক বিল্ডের সফল প্রত্যক্ষ

সভানকে কোম্পাড়া করছে না যুধী

The bear is shown in a close-up shot, looking directly at the camera while holding a silver metal pot. The background is a plain, light-colored wall.

বেঙ্গল সাফারিতে এল কৃষসার হরিণ
